FOUNDER'S STORY

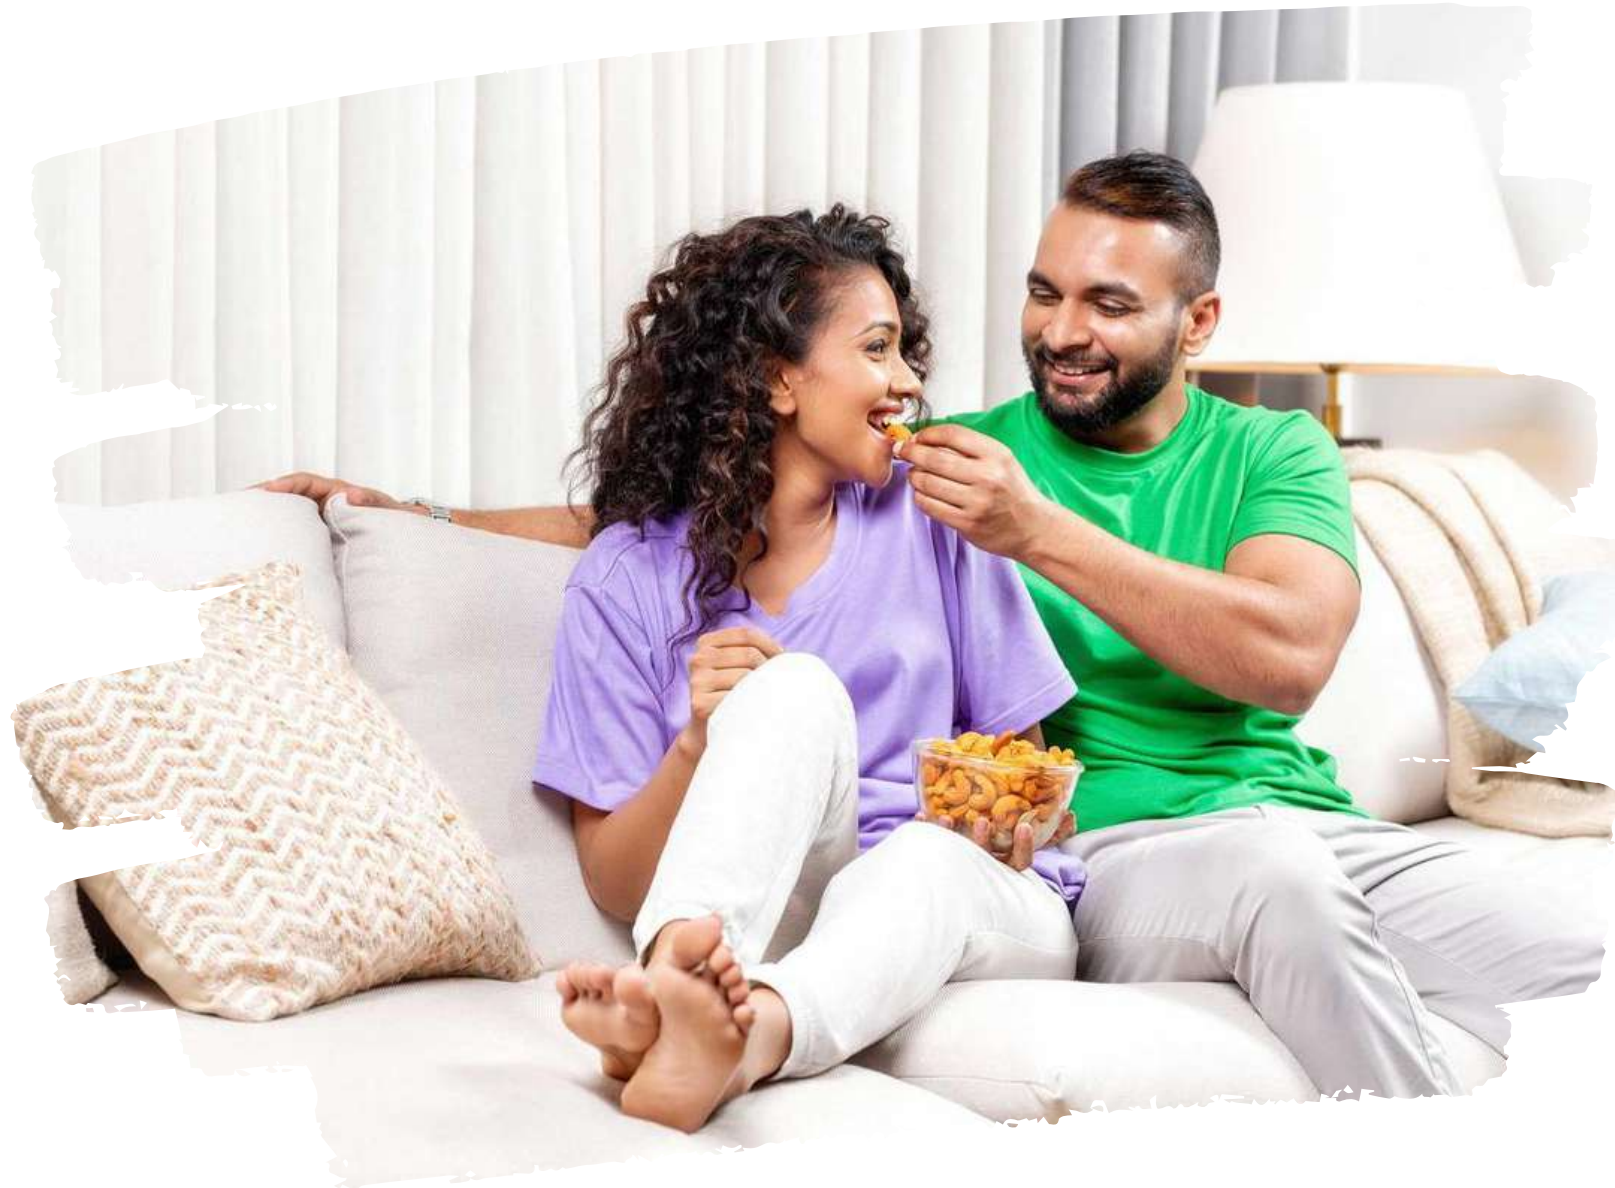

- Dr Ruwan Wathugala, M.B.B.S, established Royal Cashews in 1999, in Kirindiwita, Gampaha, Sri Lanka, where our manufacturing facility still remains today.
- He is a graduate of the Faculty of Medicine, University of Colombo
- He is pursuing his twin passions by serving as a doctor at the Wijeya Kumarathunga Memorial Hospital while also being the Royal Cashews Managing Director.
- Under his leadership, Royal Cashews has grown to be the largest cashew processing unit in Sri Lanka.
- He has been awarded the prestigious “Best Entrepreneur of the year 2019” title, along with 4 coveted Gold Awards at the Chamber of Commerce

BRAND VISION

Our Vision
is to transform
"treat time"
with the
highest quality,
best tasting,
naturally grown
cashew nut
on the planet.

BRAND BELIEF

- We believe everyone deserves to make those moments as magical as possible.
- At every touchpoint, whether it is our community of farmers, our people, our customers or the customers of our B2B clients, we must make it our goal to make every interaction as enriching, enjoyable and memorable as possible

MOMENTS.
MADE MAGICAL.

PRODUCTION CAPABILITIES

- Each delicious cashew nut in our products is handpicked by over 10,000 local community farmers, who practice sustainable farming.
- Ethical sourcing is part of our core ethos at Royal Cashew as we believe that each member of our value chains should be treated fairly and benefit equally.
- All our cashew nuts and cashew nut products are of 100% Sri Lankan origin.
- We use only natural ingredients, traditional techniques and modern technology in our two state of the art manufacturing facilities to prepare these handpicked delights, for life's moments that matter.

WHY CHOOSE SRI LANKAN CASHEWS?

Sri Lankan cashews are a unique delicacy for a multitude of reasons.

- Their distinctly sweet and creamy taste, along with their stark white colour are instantly identifiable.
- We use the the largest kernel in the world (150-180 grade) in our export premium packs for the discerning consumers.
- Agriculturally, they have an indigenous gene pool, resulting in no hybrid varieties
- They also do not undergo any genetic modification, allowing the natural flavour to shine.

Key Customer Locations

CSR- FARMER COMMUNITIES

- Our network of over 10,000 farmers are a vital part of our community.
- We pride ourselves on working directly with our network so our farmers can get the best price for their product
- Our dedicated team of 31 members visit different geographical areas and communicate with the farmers to source our cashews.
- The team also collaborates with the farmers, providing knowledge on how to maximize their yield and implement sustainable cultivation methods.

AWARDS AND CERTIFICATIONS

- Our commitment to quality has resulted in us obtaining several prestigious certifications, including sustainability and environmental safety certifications such as ISO 14001:2015 EMS, and food safety management standards such as ISO 22000:2018 FSMS, HACCP & GMP certification.
- We have won the National Chamber of Exporter Gold Award for Fresh and Processed Food Exports for 3 consecutive years, from 2019-2021.
- We have won several awards from the Sri Lanka Institute of Packaging such as Winner of Best Packaging 2007, Best Eco-Friendly Packaging, the Presidential Award in 2011, Best Display Packaging in 2020 and Best Product with Local Raw Material in 2007.
